# **Our Suggestion for 1933**

**SELECT YOUR SOURCE OF NURSERY PLANTS WITH  
EXTREME CARE**

Probably more than ever it is necessary during this year to buy *Live Nursery Plants from a Dependable Nursery*. The nurseryman dares not curtail expenses by neglecting the care of his plantations. Such neglect for even one year will invite disease, unshapely growth and other troubles.

We assure you that we are maintaining the necessary trimming, cultivating, spraying and root pruning, and as for 52 years past you are in this year 1933 *Perfectly Safe* in purchasing

***"Everything That's Good and Hardy"***

We invite you to come and inspect our plant—we know we will gain your approval.

## **RESPONSIBILITY**

We endeavor to send our patrons the grade and quality of stock ordered. We do not guarantee our products or assume any responsibility after they leave our nursery, as conditions always exist over which we have no control. It is understood, in case of error on our part, that we shall not be responsible for a greater amount than the price paid.

## **TERMS**

Five per cent off for cash before shipment on purchases at prices listed herein. Be certain to add enough extra to cover packing. This will eliminate C. O. D. costs. Over-payments will be returned promptly.

To parties having satisfactory credit arrangement or account with us, two per cent ten days, thirty days net.

No claims for rejections or deficiencies will be entertained unless made within ten days after arrival of goods.

Five to twenty-five of one variety and size will be furnished at the ten rate; 25 to 250 at the hundred rate; 250 or more at the thousand rate.

## ROSES

We add a number of thoroughly tested roses to our collection each year and at the same time eliminate a few of the least worth-while.

We endeavor to always have a very high class collection to meet all needs. (See Pages 57 to 62.)

Cole's Peony Collection comprises two hundred and fifty (250) varieties. By continual study and observation we have procured this enviable collection. We continually stress quality, and with this in mind we eliminate each year ten to fifteen of the least desirous varieties and add as many new ones for testing. You can see you will be sure of receiving a worthwhile variety—no matter which one you order.

Disease-free plants are necessary for continued bloom and success. Cole does not hesitate to discard any plant showing the slightest sign of disease.

Let us quote you on any varieties required.

During planting season, we are making daily deliveries to Cleveland and vicinity, and frequent deliveries to other cities within one hundred miles of Painesville. Charges are reasonable, not exceeding express charges.

In the time of depression and worry,  
When the shadows like eventide close,  
Do you know I can always find courage  
And joy when I look at a rose?

On the days that seem heavy with trouble,  
On the days that are black with despair,  
When I turn to my garden of roses,  
Lo, comfort and joy are both there.

And oft when alone and old mem'ries  
As silent as shadows shall come,  
The sweetest of these are of Mother,  
And the roses that bloomed round my home.

Why search you in far lands for beauty,  
Which cannot with our own land compare?  
If you'd only a garden of roses,  
You'd have beauty enough and to spare.

Why cling only to flowers of the Summer,  
Which must fade and must wither so soon?  
When the rose that will bloom in the Autumn,  
Is as fair as the fairest of June.

The crimson and gold of the roses  
Are sent by the Master above,  
From His glorious garden, the sunset,  
And their fragrance, Ah, that is His love.
